

Sedalia Evening Democrat.

NEW SERIES.

SEDALIA, MISSOURI, THURSDAY, AUGUST 11, 1892.

PRICE, FIVE CENTS.

PUSHING THE WORK.

The Different Committees are Working With a Will for the Rally.

The committee on arrangements for the great democratic rally to be held in Sedalia on August 30th, are rapidly pushing things to completion and hope in a short time to have every detail in readiness for the great event.

The committee to-day sent out over 1,000 personal letters to democratic voters in Pettis county asking that the work of pushing democracy be kept up to its usual high standard and to bear in mind that their presence is wanted at the rally. A large number of circular letters were sent to the democratic clubs in the neighboring cities, extending a cordial invitation to come to Sedalia on August 30th.

A third letter was addressed to the democratic press of the state and the knights of the quill asked to aid in bringing about the success that will surely attend the monster rally.

CLARENCE CREWS DEAD.

A Well Known Printer Unexpectedly Passes Away at Painesville, Ohio.

Clarence Crews, who up to two months ago was employed at typesetting in this city, died in Painesville, Ohio, Monday.

The announcement will be received with sincere regret by a number of friends in this city, as Clarence had for a number of months lived in Sedalia, prior to going to Ohio. While here he stopped with his cousin, Mrs. H. D. Hill, on West Fourth street.

Clarence is a Howard county boy and learned his trade in the Advertiser office at Fayette. Later on he started a paper of his own at Franklin, ten miles from Fayette, but the venture proved unsuccessful and he abandoned the editorial chair for the printer's case.

An Ex-Missourian.

Prof. John C. Watkins, city superintendent of the Eunice, Texas, public schools, was in the city today on his way to Fulton, Callaway county, where he was born and raised to manhood.

Speaking of the political situation in Texas, Prof. Watkins said things were in a very bad shape. He is of the opinion that as a result the democratic majority at the state election will be reduced to little less than half what it was four years ago.

Fred Geisinger.

News of Fred Geisinger has been expected in Sedalia ever since his departure, but nothing has been heard of him. Those in a position to know are of the opinion that he has returned to Germany. Once there, he, in all probability, will be safe from extradition, as the cost of bringing him back would be more than he is worth to the authorities.

In Honor of Her Friend.

Miss Stella Crandall will entertain a large number of friends at her home on West Broadway this evening in honor of her cousin, Miss Crandall, of Quincy, Illinois. The evening is announced on the invitations as "a grand rally" and the guests look forward to a most delightful time. Miss Stella is a charming hostess.

Base Ball.

Warrensburg has secured August 26th as the date to play the Sedalia nine at Association park. The Sedalia boys are making preparations to give them a warm reception and a good game can be expected.

THE GRAND RALLY.

St. Louis Will be Here to See How We Entertain.

The St. Louis Republic, in speaking of the opening of the state campaign, says:

"The democrats of Sedalia send greetings to the St. Louis democracy to look to their laurels in the grand opening rally here on August 25, as they will follow with the opening rally for the interior of the state on August 30, and promise to eclipse all previous demonstrations of the kind held in the state. The Sedalians who have the celebration in charge are said to be hustlers and determined to spare neither money, labor nor time to achieve a crown of success for their wide-awake little city.

The people of Sedalia generally have become infected with the enthusiasm of the managers of the meeting and are giving assistance with their wanted enterprise and liberality. Arrangements are in progress for the accommodation of many thousands of visitors, and the

democrats of the central counties have given assurance that nothing will be lacking on their part to make the attendance and enthusiasm all that could be desired. The programme for the day is now being arranged and will include a number of prominent democratic orators with Colonel Stone at the top. The St. Louis democracy welcomes such laudable rivalry with a promise to be on hand and participate in the great love-feast, and only ask that in the meantime they come and join in the great convocation of Missouri's democracy on August 25."

A Mishap.

A carriage load of young people who started to attend the party given by Mr. and Mrs. White, at their home, northwest of Hughesville, last night, narrowly missed a serious accident. The roads were made almost impassable by a previous rain and the streams much swollen. In endeavoring to turn the carriage and start back to Sedalia, it was almost thrown over an embankment.

The young ladies showed great agility in jumping. One, however, succeeded in falling into the mud, and, after rolling over several times, presented a very laughable appearance. Her friends say that she repeated her prayers with a rapidity that was startling. They returned to Sedalia. Others continued their journey and passed a most delightful evening at the home of their hosts.

Deaths in Dirt.

The following transfers were recorded to-day:

W. T. Morris to A. C. M. Bird—Three lots in south part of town. Price \$300.

Jno. C. Carter and wife to Jos. E. Carter—One-seventh interest in west half of southeast quarter, section 17, and northwest quarter of northeast quarter of northeast quarter, section 28, and northeast quarter of northwest quarter, section 28; all in township 46, range 20. Price \$300.

He Would Be Surprised.

"No," said Mrs. Buylow, "men are not good at buying bargains. There's my husband; I heard him say the other day that he paid \$15 for a box of cigars."

"Yes," "Well, I went down town to-day and bought a box for \$1. Just that! He'll be surprised when he comes home."

Divorce Suit.

Petition for divorce was filed in the circuit clerk's office to-day by Rhoda M. Gammon versus Geo. W. Gammon. Plaintiff alleges that her husband has been sent to the penitentiary two different times, that he has refused to provide for her support, and, furthermore, that he maltreats her.

Her side will be championed by T. M. Bast.

Suit Filed.

Proceedings to recover salaries due them for work on the kite track were begun by a number of laborers in Judge Blair's court this afternoon. The length of time they claim to have worked ranges from one-half to sixteen days. The trial was set for August 22nd. The suits are brought against Wheeler and Elmore.

A Difficult Operation.

A very difficult surgical operation was performed by Dr. F. B. Fesler this morning. Judge A. D. Fisher has been troubled for some time with his palate and Dr. Fesler removed the tonsils in a very scientific way.

Booth Privileges.

The sale of booth privileges at the fair grounds did not take place this afternoon as per announcement. They will be sold privately by the secretary.

On West Third.

The Third street electric line is fast approaching the fair grounds. The cars have been running quite a number of blocks west of Ohio street this morning.

Will Go to Kansas City.

James O'Brien, the well-known cigar maker, will move his factory to Kansas City in a few weeks, much to the regret of his many friends in Sedalia.

Improving.

A. P. Owens who has been quite sick for some time with fever, is improving and if no back set will be out again soon.

Bar Privileges.

The bar privileges at the fair grounds have been purchased by Adam Fischer for \$1000.

MISS WOLFF'S CONDITION.

She Underwent an Operation Last Night, Her Left Foot Being Amputated.

Miss Ora Wolff, the unfortunate young lady who met with the street car accident Tuesday evening, underwent an operation last night at 1 o'clock, it being found necessary to amputate her left foot just above the ankle.

The attending surgeon, Dr. Scales, waited for developments to ascertain whether any evidence of the wound healing would manifest itself, but a temperature of 103 showed that it was dangerous to delay; accordingly after securing the assistance of Drs. Evans, Mills, and Collins, the lacerated member was amputated. Dr. Scales stated that his patient's temperature was reduced to 100 early this morning, and unless blood poisoning set in, which he thought hardly likely, she would soon be on the road to recovery. Miss Wolff's parents arrived from Morgan county this morning and are at their daughter's bedside.

Broke His Arm.

George Barton, an 8-year-old boy, fell from a tree and broke his right arm yesterday morning at the home of his parents on East Seventh. His arm was broken at the elbow. Dr. Heaton attended him.

He Was a Good Runner.

Officer Meyers saw a suspicious looking man come into the city last night riding the "blind baggage" of Missouri Pacific passenger train which arrives at 12:40. The officer started after the fellow, when the man commenced running east on Main street. A lively chase ensued.

in which the policeman shot at the runaway several times. He failed to stop, however. A number of time tables, photographs, etc., were dropped from the fellow's pocket during his flight. They indicated that he had lately been in St. Joseph and Kansas City.

THIRD CLASS CITIES.

Convention in Session at Moberly to Take Action on Laws Governing Same.

Pursuant to a call issued by Mayor Ragsdale of Moberly, a convention of representatives from all third class cities throughout the state will be held in Moberly to-day for the purpose of considering the charters of third class cities with a view to modify them and if possible secure a reversion of the statutes governing the same. This is done chiefly to give cities of this class more latitude in the matter of issuing bonds.

Among those who went from Sedalia last evening are City Attorney Cashman, Councilmen Bosserman and Clem Honkomp.

Case Continued.

John Doyle who has been before Justice Blair for disturbing the peace of Mrs. Gammon, had his case continued to-day until August 22nd.

A New Wrinkle.

Sam Fuller is getting an improved sulky that promises to be quite in keeping with the kite track. His sulky will be fitted up with pneumatic tires, similar to those used on bicycles, and which are inflated with air. A sulky of this kind is said to be vastly superior to the ordinary kind.

There is less resistance, the side motion is decreased to a great extent and the riding much easier. The new improvement is said to cost \$150.

From The Dalton Kingdom.

Walter Jackson returned last evening from the Indian Territory where he has been running as an express guard in anticipation of another attack from the Dalton gang. Walter looked very much a la Dalton with a heavy belt of Winchester cartridges strapped around him, his camping blankets and everything necessary for hard riding if a pursuing party had been found necessary. Walter stated that the present whereabouts of the Dalton gang were not known.

Police Court.

Gilbert Rickett, for a very ordinary drunk, paid \$5 and was sent to the rock pile.

Thos. Baker and a negro woman named Patsy Williams were charged with lewd conduct. Thomas plead guilty and was fined \$5. The woman denied the charge and her case will come up to-morrow morning.

Joseph Logan was fined \$5 for being found on the streets drunk. A stay was granted for good behavior.

Bess Umbles, Hattie Miller and Oss Ross were up for intoxication. Sedalia is getting rather hot for Oss. He has just served a term on the rock pile and was discharged only to fall into trouble again. All three were fined \$5 each and given a stay on good behavior.

Frank W. Rogers was fined \$5 for late hours and given a stay.

BOONE COUNTY BOYS.

Went Bare-Footed and Hatless in Early Days.

From the Nevada Mail.

"I remember mighty well the first pair of boots I ever had," ruminatingly remarked Judge Gray to a coterie of court house loungers this morning. "I was 17 years old and got the boots just three years before I was entitled to them under the rules and regulations that existed among the people of Boone county at that day. My father was about to send a lot of mules south, and as I had to go along to feed, he bought me the boots, for we drove overland, and there was certain to be a good deal of bad weather. Well, sir, the boys for five miles around came to our house to try on those boots. I can see 'em now handling them gently and affectionately, and I may add also, enviously. Yes, those boots were my first pair, indeed, I had never even had a pair of shoes but went barefooted the year around. It was the custom."

"I suppose the boys of those early days did not enjoy the luxuries of life to the extent they do now," chimed in County Recorder John B. Harvey. "I have often heard my father-in-law, Squire Franklin Hart, who by the way was raised in Boone county also tell about his first plug hat. He said he worked about three years before he was able to save enough money to buy the kind of head gear he wanted. It was a plug hat and was made by a man named Hatton, I believe, who carried on the business in that section. Well, when he bought the hat he wore it to church of course, barefoot-

ed and with his pants rolled up nearly to his knees. He says a string of boys followed him around for an hour looking at that hat. Oh, no, they were not gazing him; not at all. They were simply admiring the hat and envying him his wonderful good fortune in possessing it. A plug hat was as great a boon as a pair of boots to the boys of those days."

ROAD CONVENTION.

Why It Should be Largely Attended.

Next Week.

From the St. Joe Gazette.
The state road convention, which meets at Chillicothe next Tuesday promises to be an event of great importance and benefit to the material advance of the farming community of the state. Even a farmer who is obtuse to his own interest to the extent of voting for high protection knows the difference between a good and a bad road. An impassable highway is a heavy burden, and there are many in Missouri. At last farmers are determined to escape this ancient infliction.

The delegates to the convention will meet determined to find what material and what process will transform mud holes and hollows into a road which may be traveled with safety and ease at all seasons of the year.

The advantages of a system of good roads is so patent that it seems almost incredible that the subject has received such meagre attention. Markets are nearer, valuable time in busy seasons is saved, comfort is increased and values doubled by the presence of good roads.

Springfield Will Come In.

From the Leader.

The democratic state executive committee have arranged for three monster meetings as openers of the campaign. The first will be held in St. Louis August 25th, at Sedalia the 30th and Hannibal September 1st. Springfield has not been "called," but we will try to "open in" whether the committee "comes in" or not.

Jail Release.

Clay Field was released from jail to-day. He served a 25 days sentence for stealing chickens.

SHE READS

The EVENING DEMOCRAT.

"I would earnestly advise them for their good to order this paper to be punctually served up and to be looked upon as a part of the tea equipage."—ADDISON.

SPECIAL NOTICE.—Patrons of the EVENING DEMOCRAT will confer a favor upon the management by promptly reporting any irregularity in delivery or bad condition of paper from improper handling.

Cut down the weeds—they are out of place in a live, progressive city.

The Gazette has made a record this year that makes it a terror to its friends.

MISSOURI repudiates Major Warner as a witness. She has not called him to the stand and is not bound by his testimony.

SEDALIA is a remarkably healthy city. Keep it so by removing everything in the nature of filth. That's what sewers are for.

EVERYBODY admits that the soil in this section is very fertile, so there can be no use for growing weeds in the city to show its productive capacity.

CLEAN up the streets and alleys and see that the sewers that were built at so great an expense are used to promote the comfort and health of the public.

EDITOR STREIT thinks "too much mouth is the principal thing that ails Vest," but he has not yet discovered that a scarcity of brains is what ails the Gazette.

THE Pettis county Democratic ticket is all right. Every man on it is honest, capable and faithful and a zealous supporter of democratic principles. It will, therefore, be a winner.

HAVING at great expense provided sewers for the more densely populated part of the city, the proper authorities should see that those sewers are used as contemplated. The state of affairs complained of by "Tenant" should not exist in the Queen City.

SEWERS are made necessary in cities in order to carry away filth that would otherwise contaminate the air and cause sickness and discomfort. And yet "Tenant" complains that in the heart of the city, where sewers are convenient, a state of affairs exists that endangers the health of those who occupy the property. This should not be permitted to continue. If there is no

law covering the case an examination by the board of health and a report to the city council would be the proper thing. If there is a law which declares such things a nuisance it should be rigidly enforced.

NO HARVEST FOR FLOATERS.

It looks very much as though the Indiana floaters would reap no harvest this year, says the *Detroit Free Press*. Hon. William D. Foulke, president of the Indiana Civil Service Reform Association, worked loyally for Harrison in 1888, but was naturally disgusted with the manipulation of federal machinery to further the cause of the republican party, and is now an out-and-out advocate of Mr. Cleveland's candidacy. He says that "the Australian ballot law will prevent the carrying of Indiana by any mere money considerations, and my opinion is that all the money which the national committee may send to the state in this campaign, will be simply buried. There will be no returns for it in votes in November. The political managers in our state have not yet found any way of evading the law."

This is sad news to the gentlemen who do the quadrennial "fat frying" and have long supplied the grease for keeping the pivotal states in the party of eminent respectability and exalted morality. Their stronghold is broken. The oil that stuck as a balm to their itching palms will stick no more for ever. The fattened monopolists will not submit to the usual unctuous sacrifice if it is to avail them nothing.

Sadder still is the news to the floater who thrives in the hottest of the political warfare. His patriotism will wilt, for "there is nothing in it." He can no longer float in blocks of five, but is blocked out entirely. Dudley resurrected could do no good. The polished fat-fryer and the bleary-eyed floater have gone down together. Indiana is not for your Uncle Benjamin.

The pardoning power brings to an executive more trouble, worry and criticism than any other duty of the office. The governor of Tennessee is just now receiving the condemnation of thousands of the citizens of that state for having commuted the sentence of H. Clay King, who had been convicted of murder and sentenced to be hung. It is rare indeed that a man is convicted by a jury and sentenced to be hung when there are any mitigating circumstances, so that in most cases there are no reasons why a pardon should be granted. Either the death penalty is right and should be enforced, or it is wrong and should be abolished. This thing of solemnly declaring that a man should be hung, and then pardoning him and in a short time turning him loose is not calculated to cultivate respect for law and confidence in its enforcement. At the same time in cases like that of King there is a terrible pressure brought to bear upon an executive and many of those who condemn him would yield to that pressure if in his place and the life or death of a fellow-man depended upon their word. A commission composed of three or five citizens of character and ability could be much more safely entrusted with the exercise of the pardoning power than can any one man.

SEDALIA is a democratic city in a democratic county in Missouri. Readers of the DEMOCRAT can say whether Major Warner's statement that northern and eastern people are insulted, driven away, ostracized or mistreated is true or not. Is it not a fact that in democratic Sedalia a man's welcome depends upon his own character and not upon his birthplace? And if this is true of Sedalia is it not true of other sections of the state as well?

COL. A. W. JONES, of Independence, formerly an enthusiastic republican, on Monday renounced all allegiance to the party of high taxes and class favoritism and announced himself a supporter of Cleveland, Stevenson and Stone. Thus does the break begin in Major Warner's own county among those who know him best. There are thousands of intelligent republicans who will this year join the democracy.

THERE is nothing in the world that can defeat the democracy of Missouri except carelessness and

lack of interest in the campaign. Happily this year the party is united and harmonious, and the boastful spirit displayed by republicans has put democrats to working as they have never done before. It will not be surprising to see Stone's plurality reach 60,000.

If Harrison is elected it will have to be without New York, Indiana, Illinois, Michigan, Iowa, Kansas, Nebraska and Colorado.

The young democrats of Sedalia meet at Hurley's Hall to-night to organize two uniformed divisions of the club to take part in the parade on the 30th.

THERE are five hundred young democrats in Sedalia who desire to take part in the parade on the 30th. They will all be accommodated. Meeting at Hurley's Hall to-night.

SEDALIA should begin at once to make arrangements for an energetic campaign in favor of capital removal. Let the question be fought out in the next general assembly.

"SIXTY deaths a day" is the record cholera has made in Teheran, the capital of Persia. Every city in America should read in this an argument for the best possible sanitary regulations.

ONLY — more days until Editor Streit consents to tell the honest truth about how he came to so suddenly change his tune in regard to Marshal DeLong. A more sudden conversion has not been recorded since the days of Saul of Tarsus.

BLAINE is an able man and he showed his statesmanship by declaring that the McKinley bill would not make a market for a single bushel of wheat or pound of beef. If the plumed knight would only act accordingly to his light, he would be a democrat.

WHEN Major Warner asserts that under republican rule in Missouri real estate will rapidly increase in value, of course he has reference to the assessed valuation. That will be the only way, under the constitution, of increasing taxes, and republican extravagance will make such increase necessary.

THERE has been no proscription in Missouri since the days when ballots were burned, preachers and priests imprisoned and tax-payers disfranchised by the thousand. Our republican friends should remember that all this proscriptive legislation passed away when radical rule came to an end.

THE ladies who have worked so zealously to raise funds for a charity hospital deserve the help and encouragement of every citizen of Sedalia. They have made arrangements by which one-half the receipts of the merry-go-round, corner Third and Monticau streets, Friday night, will go to the hospital fund and they ask all of their friends to help them on that occasion.

THE state of Missouri has outgrown Jefferson City. This fact is patent to any one who will visit that place on any extraordinary occasion. With Charley Yeater in the senate and Bob. Prigmore in the house, capital removal will be a winning issue. The practical people of the state are getting disgusted with an old, sleepy place that can't entertain them when they have business with state officers.

MAJOR HARVEY W. SALMON, chairman of the Democratic State Central Committee, says the *St. Louis Chronicle*, has returned to the headquarters in the Laclede. "Our campaign throughout the state is all right. W. J. Stone's nomination has aroused old-time democrats who will make an aggressive fight in every county. We will carry Missouri by a good majority."

THE Marshall Democrat-News is making a red-hot campaign for the repeal of the state teachers' institute law—a law which compels teachers, regardless of their qualifications or need of instruction, to attend the county institute every year. The law is unjust and should be abolished. At the same time teachers' institutes are good things in themselves, but the teacher should be free to attend them or not, and his certificate should depend entirely upon his fitness and

qualification to teach school—not upon his physical ability to stand the torment of a month's attendance upon an institute during the hottest season of the year.

Cheap Homes for Millions.

In order to meet the constantly growing demands which come from every quarter of the north, east and west, for reduced rates, to enable the farmer, the emigrant and the capitalist to visit the southwest, and particularly Texas, the Missouri, Kansas and Texas railway have determined to sell tickets on August 30th, September 27th and October 25th, from points in the north, east and west to all points in the state of Texas, at the extremely low rate of *One Fare for the Round Trip*, good to return 20 days from date of sale.

The reports which come from Texas of the prodigious prospective yields in the crops for the present season, as well as those for several previous years, together with the severity of the winters in the northern and western states for several years past, will induce many to locate on the sun-kissed prairies of this favored land during the coming fall. Now is your opportunity, grasp it while it is yet within your reach.

To Summer Tourists.

The season is at hand when the man of affairs, the man who, through the long winter months, has devoted his best energies to the tasks and problems of the counting room, the office, the pulpit, or legislative halls; when the matron and the maid, wearied of the long season of social gaiety or confinement in the school or lecture room, betake themselves to the sea shore, the mountains, the country or the springs, in search of pleasure and rest. The Missouri, Kansas and Texas railway has placed on sale summer tourist tickets at very low rates, with long transit limits, good to return until October 1st or 15th. Every variety of amusements and the most picturesque of surroundings are thus placed within the reach of all.

For further particulars concerning rates, routes, sleeping car accommodations and all other information, call on or address,

H. L. BERRY,
Local Agent.

Ripans Tabules cure hives.

Mr. Lander's Recommendation.

Mr. J. A. Lander, a prominent citizen of Clarksburg, Mo., and widely known in that state, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy: "I have seen its good results and can recommend it." For sale by Aug. Fleischmann, druggist.

Patronize the liquor house at 112 Osage street, Frank Krueger.

Pensions.

Persons having claims for pensions, pay and bounty, those wanting discharges and those who are marked deserters, call at 208 Main St., Sedalia. J. W. Walker.

Take Notice.

All citizens who can entertain visitors during the fair are requested to send in their names and address, and the number of guests they can take, and the price, either to the secretary of the Fair association or the City clerk.

E. W. STEVENS, Mayor.

Money to Loan.

Low rates. No delay. Small expenses. No commissions. To be repaid in installments. MIDLAND SAVING AND LOAN CO. Dempsey Building, Sedalia, Mo.

AMUSEMENTS.

The Great Minstrels.

Although the palmy days of negro minstrelsy have passed, the public still have a liking for what Mr. Lawrence Hutton in his "Curiosities of the American Stage" says is "the only branch of the dramatic art, if properly it can claim to be an art at all, which has had its origin in this country, while the melody it has inspired is certainly our only approach to a national music." Among the remnants of minstrelsy, Primrose & West's company is the best. They come to the opera house, Monday, Aug. 15.

Spooner Comedy Company.

On next Tuesday evening the Spooner comedy company will open at Wood's opera house for five nights, in a repertoire of standard comedies and dramas, written especially for this company by J. A. Frazier, jr. The opening bill will be "Inez," a Mexican romance depicting scenes and incidents during the time of Maximilian. The comedy element is furnished by B. S. Spooner, who interprets the character of Silas Grit, a Yankee bounty jumper. During the performance the two little stars, Miss Edna May and little Cecil Spooner, will introduce a number of the latest specialties.

Mid Summer Corset Sale.

A DAY OF PLEASURE

Knights Templar Put in a Day of
Sight-Seeing.

THEY PAY A VISIT TO THE SMELTER.

Exhibition Drill in River Front Park—
Grand Bicycle Parade—Reports Show
the Order to Be in Excel-
lent Shape.DENVER, Col. Aug. 11.—The knights
were viewing Denver and its suburbs
yesterday, that is, those who were not
in attendance at the grand encampment
or who were not engaged in looking
after the comforts of the guests in
various clubs and headquarters. The
weather was delightful and the visitors
enjoyed the day immensely. Several
commanderies left the city early in the
morning and journeyed around the
loop and to other points of interest.
The smelters and other mining plants
also received many visitors during the
city.Courtesies were exchanged between
different clubs in the shape of visits
and serenades. Bands marched to and
fro all day and there was good cheer
everywhere. Fewer waving plumes
were seen for the knights were in
fatigue uniform and they wandered
about at will, accompanied in nearly
every case by ladies.The principal event of the day, out-
side the meeting of the grand encampment,
was the exhibition drill in River
Front Park.Last night's bicycle parade was a
grand affair. There were nearly 1,000
wheelmen in line and they made a
unique spectacle as they rode along
with their many colored lanterns and
other decorations.The line of march was on the asphalt-
ed streets in the business portion of the
city and thousands saw the parade.
The riders were cheered and applauded
as they rode under the many colored
electric lights which spanned the inter-
secting streets.To-day the knights will be treated to
a parade and exhibition by the fire de-
partment. An interesting programme
has been arranged.The routine business of the grand en-
campment was gone through with ex-
pediently at yesterday's session. Re-
ports from each of the grand officers of
the different states and territories
under the jurisdiction of the encampment
were presented and adopted. They
showed the Knights Templar of America
to be in excellent shape, both numer-
ically and otherwise, the total number
of members of grand and subordinate
commanderies in this country being 92,-
791, while the net cash resources in the
hands of the grand treasurer amount to
\$25,325.97.The report of the special committee
on the rituals of the Red Cross and
Templar order occupied the attention
of the encampment the greater portion
of the day. The committee has been
working for three years on this report.
It was adopted unanimously.

NINETY LIVES LOST.

Collision of Two Steamers at Helsing-
fors.ST. PETERSBURG, Aug. 11.—The pleas-
ure steamer Ajax was run down out-
side of Helsingfors Monday and ninety
lives were lost. The vessel left Hel-
singfors Sunday with 100 excursionists.
Her return was delayed and she arrived
off Helsingfors after midnight. When
the narrowest part of the channel was
reached the steamer Runeberg was met
going out.The captain of the Ajax attempted to
cross the bow of the Runeberg and the
latter changed her course, bringing
about the collision. In a minute after
she was struck the Ajax sank and the
Runeberg went aground.Those on board the Runeberg threw
overboard life buoys, boxes, chairs,
tables—in fact anything that would
float and help to support the people
struggling in the water. At the same
time her boats were lowered and pulled
in the dark, guided by the cries of the
drowning, and succeeded in saving a
number of the passengers and crew of
the Ajax.

Running a Wagon by Electricity.

CHICAGO, Aug. 11.—A novelty in the
way of a wagon propelled by electricity
was seen on the streets of Chicago
yesterday. Some time ago President
J. B. McDonald, of the
American Battery Co., purchased
several patents from William Mor-
rison, of Des Moines. Among other
things was a park wagon equipped
with a small motor and a twenty-four
cell storage battery. Yesterday Mr.
McDonald fitted the wagon with new
batteries and gave it a trial. With five
persons in the wagon it left the barn
on Monroe street and traveled to the
company's office. The run was made
in twenty-two minutes, which was con-
sidered satisfactory.

A Call to Power.

LONDON, Aug. 11.—Mr. Gladstone has
received a communication from Right
Hon. Henry Ponsonby, private secre-
tary to the queen, announcing that ar-
rangements were being made for his
reception on Friday at Osborne house,
the queen's residence on the Isle of
Wight, whither Mr. Gladstone will pro-
ceed in response to a summons from her
majesty. The object of the queen in
summoning Mr. Gladstone to Osborne
house is to intrust to him the formation
of a new government.

Eighteen Indians Drowned.

WINNIPEG, Man., Aug. 11.—British
Columbia papers to hand bring the in-
telligence of the drowning of eighteen
Indians of the Balla Cooma and Wake
Neb tribes when charlotte in a sea lion
hunt near Queen Charlotte islands. In
the dense mist their canoes struck a
rock and the Indians were precipitated
into the water and all drowned.

Texas Cotton Crop Large.

GALVESTON, TEX., Aug. 11.—The
weekly weather crop bulletin says:
Taken as a whole the cotton crop is
doing well and the prospects for a heavy
crop are unusually flattering.

BOUDINOT EXPLAINS.

As Best He Can the Employment of Col.
W. A. Phillips at Washington.TAHLEQUAH, I. T., Aug. 11.—Two
big political conventions were held by
the National and Downing parties of
the Cherokee Nation at Fourteen Mile
creek, 10 miles northwest of here, to
devise plans upon which to fight the
next campaign. There was a large at-
tendance from all parts of the nation,
and several rousing speeches were
made. One was by Cherokee Delegate
E. C. Boudinot, who has just returned
from Washington, where he was sent
by the Cherokees to urge the ratifi-
cation of the strip sale, as well as
to attend to other business for the na-
tion. Delegate Boudinot is under grave
charges by the Cherokees for employ-
ing Col. W. A. Phillips, of Kansas, as
counsel for the department, it being
claimed that he (Phillips) was also the
cattlemen's attorney at Washington,
and that he was more interested in put-
ting off the ratification than in pushing
the matter through congress. Many of
the Cherokees are dissatisfied with
Boudinot's actions in the matter, and
he had an occasion to explain matters
as best he could.

RIOT IN ST. LOUIS.

A Mob Throws a Man Into a Forge Where
He Is Fatally Burned.ST. LOUIS, Aug. 11.—Last night at
the repair forges of the St. Louis and
suburban electric road, corner Van-
deventer and Morgan streets, "Scotty"
Morris, an ex-convict and a generally
tough citizen and Fred Dubois, a fellow
workman, became involved in a serious
dispute over their respective national-
ities, and the merits of their particular
female friends.A crowd of over a dozen of Dubois'
friends finally rushed at Morris, throw-
ing chisels, hammers, etc., and crying:
"Lynch him," "Kill the ——" etc. Seiz-
ing the now thoroughly frightened ex-
convict they threw him on a forge
which was heated to white heat.Just as this was done a squad of po-
licemen, who had been hurriedly sent
for, arrived and rescued him, but not
before he was fatally burned. With all
his strength he resisted the efforts of
the officers to place him in an ambu-
lance, believing he was to be put under
arrest instead of taken to the hospital.
Several of his assailants were arrested.

Seaman Rigglin's Body.

PHILADELPHIA, Aug. 11.—The body
of Charles W. Rigglin, the boatswain's
mate of the United States steamship
Baltimore, who was killed by a Chilian
mob, arrived yesterday afternoon from
New York on a special car. The gen-
eral reception committee, composed of
representatives of the various patriotic
organizations of the city, accompanied
the body. The body was taken from
the train at Germantown Junction and
taken to an undertaker's establishment,
where it will await the public demon-
stration arranged for Saturday and
Sunday next.

A Jam Shame.

NEW YORK, Aug. 11.—About 150 of
the largest preserve and jelly manu-
facturers of the United States and Canada
are said to have formed a combine for
the regulation of prices and output.
All the manufacturers agree to pool
their respective businesses into a huge
concern, with headquarters in this city.
It is understood that the capital stock
of the new corporation will be \$12,000,-
000. Shares will be allotted to the var-
ious firms and companies covering the
amount of money already involved.

A Midget Weds a Giant.

BOLIVAR, Mo., Aug. 11.—The Texas
giant, Col. Powell, 7 feet 8 inches in
height, who has been on exhibition
with a circus showing here recently,
and Henrietta Moritz, the midget, 22
inches high, slipped away and were
married this morning. Powell first
fixed the preacher and then stole his
little sweetheart from beneath her
mother's wing, and in a trice the words
were spoken which made them man
and wife.

Wednesday's Baseball.

Struck Below the Belt.

HOMESTEAD, Pa., Aug. 11.—Charles
Rayburn, head cook in the Carnegie
works, struck yesterday afternoon and
left, taking with him seventy-one coals
and washers. As a result the many
non-union men went without their sup-
pers and the locked out men claim a
partial victory. Rayburn made in-
formation for assault and battery
against Chief Watchman Newton and
four assistants.

Georgia Democrats.

ATLANTA, Ga., Aug. 11.—The state
democratic convention to-day nomi-
nated the following state ticket: Governor,
Phil Cook; comptroller, Gen. W. A.
Wright; treasurer, R. U. Hardman; com-
missioner of agriculture, R. R. Nesbitt,
and for attorney general, Gen. J. M.
Terrell.

Ex-Union Veterans in Reunion.

NEVADA, Mo., Aug. 11.—The ex-Union
veterans of Vernon, Bates and Cedar
counties are holding a reunion at Fair
Haven Springs. Fully 12,000 people are
in attendance. An effort is being made
to organize the various posts in the
Thirteenth congressional district.

An Engineer's Mishap.

ATCHISON, Kan., Aug. 11.—Peter
Wedell, engineer of the Missouri Pacific
passenger train which arrived here
this morning, was struck on the head
by a stand pipe in the lower yards and
his skull fractured. He has a family in
Kansas City, Kan.

Struck Dead With a Shovel.

EMPORIA, Kan., Aug. 11.—Yesterday
afternoon two colored men, Robert
Burrus and Will James, quarreled, and
the latter hit Burrus over the head
with a shovel, from the effects of which
he died this morning. The murderer
escaped.

THE CORN CROP.

Discouraging Report of the Depart-
ment of Agriculture.

THE LOW AUGUST CONDITION.

Worse Only in Four Years Since the Re-
turns Were First Issued—Some Hopes
of Improvement—Several Other
Crops Lower.WASHINGTON, Aug. 11.—The crop re-
turns of the department of agriculture
show a slight improvement in the con-
dition of corn, raising the monthly av-
erage from 81.1 in July to 82.5 in August.
In only four years, since the initiation
of crop reports, has there been a lower
August condition. In the year of worst
failure, 1881, it was 79, declining to 60 in
October. In 1890 it was 73.5. In August,
1886, it was 86.7, and in 1887 it was 80.5,
declining late only in the latter years.
A slight improvement is indicated in the
states north of the Ohio river and a
greater advance in the states west of
the Mississippi river, except Kansas
and Missouri. The condition is high in
nearly all the southern states, nearly
the same as in July in the breadth west
of the Mississippi; higher in the lower
states of the Atlantic coast and slightly
lower in Alabama and Mississippi. A
small decline is seen in the middle
states, except New York, and also in
the eastern states, though in both of
these divisions the average is higher
than in the west.The following averages of principal
states are given: New York, 80; Penn-
sylvania, 86; Virginia, 90; Georgia, 97;
Texas, 94; Tennessee, 92; Ohio, 81; In-
diana, 74; Illinois, 73; Iowa, 79; Mis-
souri, 83; Kansas, 81; Nebraska, 80.Most correspondence indicates a pres-
ent tendency to further improvement.The returns relating to spring wheat
are lower, declining during the month
from a general average of 90.9 to 87.3.
The reduction is from 90 to 86 in Wis-
consin; 92 to 87 in Minnesota and 90 to
85 in North Dakota. There has been a
slight advance in South Dakota and
Nebraska, with no change in Iowa. In
the mountain states the condition is
generally high. In Washington a de-
cline is reported from 80 to 78 as a re-
sult of blighting heat, and in Oregon
from 91 to 76.Condition of other crops averages as
follows: Spring rye 89.8 instead of 92.7
in July. Oats 86.2, a fall of one point.
Barley 91.1 instead of 92. Buckwheat
average 101.3; condition 92.9. Potatoes
86.8, a fall from 92.7. Hay 83.2.

TO PROTECT MURDERERS.

Necessary to Call Out Two Companies in
Georgia.JESSUP, Ga., Aug. 11.—Two companies
of military are on duty here as a result
of the efforts of a mob of whites to re-
lease Charles Warren and Barlow, two
white railroad engineers from custody.
The men are charged, along with
Henry Little, white, with murdering
Isaac Flower in July. Flower was shot
in his cabin and then placed on the
railroad track with a placard on his
coat stating that all engineers would
be treated likewise.Sheriff John Ellis, of Appling ran
down clues which implicated the white
men as the murderers. Warren and
Austin were arrested and a mob at once
besieged them in the depot, and the
telegrams were sent for aid. The gov-
ernment troops are out. Great excite-
ment prevails and the military will be
kept here in readiness for any trouble.

Good Soaking Rains.

KANSAS CITY, Mo., Aug. 11.—The
weather reports, the newspaper corre-
spondence and the grain men's specials
all indicate that Tuesday night's and
yesterday's rains were very general,
and that they were particularly heavy
in Kansas and Nebraska, covering nearly
every spot of the parching districts.
In some instances the corn crop will be
saved and in others the rain came too
late to be of any saving power. At
Valentine, Neb., there was a fall yester-
day of two and two-tenths inches.
There was a fall of more than an inch at
Dodge City, Kan. However, at that
point the corn crop will not be more
than a fourth of the expectations.

Shot by a Girl.

BELVIDERE, N. J., Aug. 11.—Patrick
Quinn, a telegraph operator at Dela-
ware station, is lying at his home, in
Oxford, suffering from two pistol shot
wounds in the head and neck in-
flicted by Miss Hattie Acres, of
Cresco, Pa. Miss Acres regarded
Quinn as a lover, and it is said that the
shooting is the outcome of his desertion
of the young woman. The girl, after
the shooting, took poison. Miss Acres,
after her arrest, would not make any
statement except to say that Quinn had
wronged her and that she wished both
were dead.

An African Horror Spot.

PARIS, Aug. 11.—A dispatch from
Kotonou states that the French forces
began hostilities against the Dahomeys
yesterday. Every point on the coast
held by the Dahomeys, including
the town of Whydah, was bom-
barded. Abomey and Calavy were also
bombaraded. The guns of the fort at
Kotonou aided two dispatch boats to
sweep the flat country around Kotonou.
The expedition inland will start from
Porto Novo.

The Cholera.

ST. PETERSBURG, Aug. 11.—Advices
from Teheran, the capital of Persia,
show that the cholera is increasing in
virulence there. The deaths in the city
now average sixty daily. An official re-
port shows that on Sunday there were
reported from all the cholera infected
districts of Russia 4,261 new cases of
the disease and 2,177 deaths.

Sons of Veterans Encampment.

HELENA, Mont., Aug. 11.—The na-
tional encampment of sons of veterans
held two short sessions yesterday. The
only business transacted was the adop-
tion of a resolution retaining the titles
for officers used the past year. An ef-
fort has been made to change the regu-
lations in this respect to conform with
what they were two years ago.

AN AMALGAMATED SCHEME.

Efforts to Get Railway Men to Refuse to
Handle Carnegie Material.PITTSBURGH, Pa., Aug. 11.—The ad-
visory board of the Amalgamated as-
sociation is holding daily sessions at
Homestead to devise means by which
they can further embarrass the Carnegie
Co. in its attempt to start the mills non-
union. They are credited with having
a scheme in hand that they think, if it
can be carried out, might seriously hin-
der the company's scheme.It is stated that the idea, as outlined
by the president, is, if possible, to se-
cure the aid of the Brotherhood of
Locomotive Engineers, the Switch-
men's association and other railroad
organizations with a view to effectually
stopping the shipment of material
from or to any of the Carnegie
works. If this plan is put
in operation with the boycott that
the American Federation of Labor
is expected to adopt, the workmen, it
is held, will have a power at hand the
like of which has never been wielded
by any labor organization in the coun-
try. Correspondence will be opened
with President Arthur, of the Brother-
hood of Engineers, and the heads of other
railroad organizations with a view to
procuring their aid. The boycott will
be established by the American Federa-
tion of Labor.Speaking of the attempt to get the
railroad men to refuse to haul the Car-
negie products, Mr. James M. Bailey,
of the Sligo rolling mill, said yesterday:
"They cannot possibly do it. The law
would prohibit such a move, and the
parties concerned would be liable to ar-
rest for conspiracy. The railroads are
common carriers and cannot refuse to
handle the goods."

WORLD'S FAIR RATES.

Traffic Association Committees Fixing Up
a Schedule.CHICAGO, Aug. 11.—The committees
appointed by the several traffic associa-
tions to act jointly in preparing a
scheme of passenger rates for the
world's fair next year, held their first
conference yesterday in the rooms of
the Central Traffic association. Repre-
sentatives were present from the
Trunk Line, Central Traffic, Western
Passenger and Ohio River associations.
The meeting organized by electing
George H. Heafford chairman, but it re-
sulted in nothing more than an ex-
change of views of the members pres-
ent.The roads traversing the more thick-
ly-settled portions of the United States
were generally inclined to favor a higher
excursion rate to Chicago in 1893 than
those lines which traverse sparsely set-
tled territory, and in the end it was
practically conceded that it would be
necessary for each passenger association
to act independently upon the question
of excursion rates in accordance with
the conditions existing within its juris-
diction. All leading roads between Chi-
cago and the Atlantic coast are opposed
to making a lower rate than one and
one-third fare for the round trip. They
argued at the meeting for the establish-
ment of such a rate, and produced sta-
tistics to show that even this would be
a greater concession than was made for
the Centennial exposition at Philadel-
phia in 1876.

Eighteen Persons Injured.

DENVER, Col., Aug. 11.—The wreck
on the Santa Fe road at Petersburg was
worse than at first supposed. The
number of injured has been increased
to eighteen, of whom Mrs. Roberts and
Mrs. Edington may die. The train was
a through vestibuled from Chicago, and
the wreck was caused by the spreading
of the rails while the train was run-
ning at the rate of forty miles an hour.

Barometer 29.07.

Indications.

Fair, preceded by showers; warmer.

SEDALIA R. A. CHAPTER, No. 18, will hold a regular convocation this (Thursday) evening, August 11, at 8 o'clock. Visiting companions are fraternally invited to attend. By order of GEORGE LORD, H. P. Attest: E. W. LAMY, Sec.

The Old Timers are not In It

While at our other store at Big Island, Va., last April, I was taken with a very severe attack of diarrhoea. I never had it worse in my life. I tried several old-time remedies, such as Blackberry Wine, Paragoric and Laudanum, without getting any relief. My attention was then called to Chamberlain's Colic, Cholera and Diarrhoea Remedy by Mr. R. C. Tinsley who had been handling it there, and in less than five minutes after taking a small dose I was entirely relieved. —O. G. BURFORD, Harris Creek, Amherst Co., Va. For sale by Aug. Fleischmann, druggist.

Cures Effectually.

The Miner Institute cures drunkenness and leaves no bad effects. Other institutes injure the eyes and health. The Miner leaves a man stronger than when he began the treatment. It has been tested and proven in Sedalia. Two men have been cured and half a dozen others are satisfied that a few days more will make full men of them. Call at the rooms 515 Ohio street.

Sicher's cafe is at present one of the coolest places in the city. Revolving fans almost bring back winter as you are served with lemonades and their famous ice creams.

THE MOON AT CLOSE QUARTERS.

A French Savant Proposes to Construct a Mirror Weighing Eight Tons.

From the London Chronicle.
Mr. Francois Deloncle, a French savant and deputy for the Basses Alpes, has a marvelous project in hand which he hopes to see completed in time to astonish mankind at the Paris exhibition of 1900. Though the moon is 340,000 miles distant from the earth, M. Deloncle thinks he can construct an apparatus which will enable us to examine that luminary at very close quarters. The idea has been expounded by its author before a French scientific society, and M. Deloncle says, in substance, that the only obstacle to a close observation of celestial bodies is the relative imperfection of instruments, and that all that is required is an enlargement and improvement of the present instruments. Astronomers, says M. Deloncle, have reckoned that the image of the moon can be brought quite close to the earth by means of a crystal mirror eight meters in diameter, but which, owing to the thickness required, would weigh about eight tons. He has consulted various opticians in Paris, and they are prepared to execute the work before the year 1900.

There remains, however, the

question of the structure which would be required to hold the gigantic mirror, and upon this point M. Maurice Loewy, a distinguished French astronomer, says that while in principle M. Deloncle's scheme is possible, there are enormous difficulties in the way of its realization, the chief of which, so far as the exhibition is concerned, is that the apparatus must be erected on a mountain about two miles in height in order to secure the proper atmospheric conditions. If this and other difficulties were surmounted, says M. Loewy, there would be some very remarkable results, for it would be possible to clearly distinguish in the moon objects about the size of a four story house.

THE LATEST ABOUT MARS.

Seas and Melting Snow Seen by Prof. Pickering—Other Points.

The New York Herald prints a dispatch from Prof. Pickering of the Harvard observatory at Arequipa, Peru, as follows:

In my observations of Mars I saw two large areas near the equator which are permanently blue. Near the edges they appear light blue. The light is slightly polarized. The total size of the area is about one-half million square miles, one-half the size of the Mediterranean sea. On June 23 a small dark spot appeared in the southern snow cap. Later this spot lengthened rapidly and early in July it was 1,000 miles long, dividing the snow in half. One million six hundred thousand square miles of snow have melted within the last thirty days. The melted snow has apparently been transferred to the seas across lands. A small dark area surrounded by snow appeared on July 10 and two days later I first saw a dark line in the fork of a "Y" shaped mark in the direction of the seas. The line became conspicuous on July 14, and on July 16 a dark area about the size of Lake Erie appeared on the northern side of the stem of the "Y" which was connected with the northern sea. The next day there appeared a large gray area near the northern sea. This had grown much fainter by July 23, and a new area appeared to the south of the northern sea, concealing its outline. The line in the fork of the "Y" had disappeared, but the area of the "Y" had extended. July 24 a large dark area appeared apparently either a lake or sea, and July 25 the southern branch of the "Y" became very narrow. The outlines of the northern sea were seen again, a narrow white line was stretched north from the snow. Many other changes were noted. Rapidly changing faint whitish areas were seen. Green arches near the poles have not been seen for many weeks, but traces were recently suspected and a bright green area was distinctly seen near the north pole last night.

A Useful Pet.

From the New York Advertiser.

The average housekeeper will be pleased to learn that of late years there has been added to the family of pets a small creature much sought after and highly prized by the youngsters. It is a turtle of the smaller variety and sometimes a tortoise.

When said youngsters start off for the woods and return bearing in their hands a squirming, struggling turtle a feeling more of disgust than of pleasure is seen depicted upon the face of the average housekeeper. But if the woman in question will harbor the little creature in the yard or kitchen, to the infinite delight of the boys and girls, she will find herself growing attached to it, for the simple reason that it performs certain little offices by which it endears itself to the heart of a housekeeper.

They cost little or nothing to keep, feeding mostly on lettuce leaves or other vegetable matter, and render useful service by keeping a kitchen or a garden free from beetles and vermin.

Dress or Undress.

From Judge.

The arrest at Asbury park of a society lady for appearing out of doors in a ball dress and that of a male bather at Ocean Grove for wearing a shirt without sleeves, afford assurance of a time when American ideas of decency shall demand the Turkish mask for women and the swathing of a mummy for the other sex. Then will arise the question whether prudish shall make our fashions and customs, or whether men and women shall suit themselves in those matters; and the issue will be exciting in view of the extremes to which both classes go.

Discarded Him.

The Misses Clum, who were thrown from a cart a few days ago, have fully recovered from their slight wounds, and have determined not to drive the same horse again.

Read the Democrat and live long.

SHOP AND RAIL.

ITEMS OF INTEREST TO LOCAL TRAINMEN.

News About Different Roads, Employers and Employees.

E. B. Parker, the M., K. & T. passenger man, was in the city last evening.

President H. C. Rouse, General Manager Purdy, Traffic Manager J. Waldo and Chief Engineer Carey Wilson went south this morning in special car No. 36. They are making a tour of inspection and will make a trip over the entire line before their return. The Texas divisions and new extensions will receive special attention.

Struck With Paralysis.

Missouri Pacific Train Dispatcher A. Goodin was stricken with paralysis at his home in Nevada yesterday, and is not expected to live. About two weeks ago he and his family of five persons came near dying from eating ice cream which was thought to have been poisoned by the vanilla extract.

A Bad Arm.

J. A. Wilhite, the Missouri Pacific engineer, is suffering from a severe swelling in his right arm which his doctor says has resulted in cellulitis. Mr. Wilhite struck his arm accidentally while making some repairs about his engine. He paid no attention to the matter and made several runs on his engine. The pain, however, became so intense that it was found necessary to use the surgeon's knife on his arm yesterday evening. He has taken a ten days' lay off in which to recover.

They Die Hard.

The old rumor that when the Missouri, Kansas and Eastern extension of the M., K. & T. railroad from Boonville to St. Louis has been completed the M., K. & T. will be leased by the M., K. & E., in other words, the child in its swaddling clothes will absorb the parent corporation and the general offices of the company removed from this city to St. Louis. This rumor has been circulated to a considerable extent, particularly by the Sedalia papers, and it has been printed so often by them that they have about come to the conclusion that it is true. It may not be known to these people, but it is nevertheless a fact, that at the annual meeting of the M., K. & T. railroad company in this city last May, the M., K. & T. leased the M., K. & E., now in course of construction, for a long term of years, thus effectually squelching the predictions and theories of a few people regarding the future movements of the road in relation to the general office question and this city. The M., K. & T. railroad company are perfectly satisfied with Parsons as the headquarters of the company and have no desire to remove them, not even to accommodate a few jealous towns. A year from now the M., K. & E. will be completed and in running order and the general offices of the M., K. & T. will still be in Parsons. Mark the prediction as this is official.—Parsons Sun.

Keep the Air Clean.

From the New York Journal.

The first thing to enter a sick room and the last to be taken out should be disinfectant. Most people do not appreciate the value of pure air for the sick, and many, even professional nurses, are so careless in this respect that they will completely ignore all rules of ventilation and allow the air of the room to become so impure as to render it unfit even for a healthy person, to say nothing of one weakened by disease. It often happens that the recovery of a patient depends as much on pure air and cleanliness as upon medical treatment, and hence the need of ventilation and disinfectants to remove all disease.

Too Great a Surprise.

From the Chicago Tribune.

A visiting Knight in Denver was killed from the effects of a bath. The dispatch says the unfortunate man was from New York.

Lawn social to-night at the residence of Mr. Chas. Keck for the benefit of Sacred Heart church. All cordially invited to attend.

Calamity Dealers.

From Oliver Wendell Holmes.

It is awful to be in the hands of the wholesale professional dealers in misfortune; undertakers and jailers magnetize you in a moment and you pass out of the individual life you were living into the rhythmic movements of their horrible machinery. Do the worst thing you can or suffer the worst that can be thought of, you find yourself in a category of humanity that stretches back as far as Cain, and with an expert at your elbow who has studied your case all out beforehand and is waiting for you with his im-

plements of hemp and mahogany. I believe if a man were to be burned in any of our cities to-morrow for heresy there would be found a master of ceremonies who knew just how many fagots were necessary and the best way of arranging the matter.

PERSONALS.

C. E. Feare, of St. Joseph, is in town.

J. M. Offield went to McAllister Springs yesterday afternoon.

A. M. Brock and wife, of Moberly, are quartered at Kaiser's.

H. J. Heinrichs, "My Jeweler," left on the noon train for Tipton.

J. L. Thornton returned from trips to Higginsville and Lexington to-day.

J. M. Hall, the genial landlord of Sweet Springs, came down this morning.

Edward Hurley and family came down from McAllister Springs this morning.

Bell Hutchinson went to Versailles to-day in the interest of his woolen mills.

Hon. Bob Prigmore, Pettis county's next representative, came down from the farm this morning.

Mrs. Matteny has returned to her home in Kansas City after a pleasant visit with her mother, Mrs. Dehart.

John Montgomery, Jr., and family will go to McAllister Springs to-morrow, where he expects to be much benefited in health.

Mrs. Edwards and daughter, Miss Sallie, of Houstonia, are the guests of Dr. A. V. Small and family at their McAllister Springs cottage.

Mrs. Robert Lister and daughter, Mrs. Ed. Nicholson, expect to leave Saturday for a three weeks' trip to Pueblo and other points in Colorado.

Mr. and Mrs. Ira Hinsdale have returned from their trip to New York, where Mrs. Hinsdale went to attend the bedside of her sick mother.

Mrs. Harrison, of Kansas City, sister-in-law of President Harrison, passed through the city at noon accompanied by her children, enroute to her old home in Tennessee.

Misses Maud and Jessie Knowles, who have been visiting her aunt, Mrs. R. A. Blair, left this morning for their home at Buffington Island, a beautiful spot in the Ohio river.

Mr. T. F. Noonan, wife and children, of St. Louis, were joined at this point yesterday afternoon by Jack D. Gibbs and all proceeded to Topeka, Kansas, where they will be the guests of Mr. Gibbs' parents.

Mrs. Chas. Streit and Mrs. W. D. Chase have completed their New Foundland visit and took passage on a steamer last night from Varmouth to Boston en route home. It will take them a week to make the journey.

V. S. Cook and wife and bright little boy, Vestal, of Lehigh, I. T., have arrived in the city from Hot Springs, Ark., and are visiting Mrs. Cook's brother, Pete Tarwater, and family. They will leave Saturday to visit relatives at Topeka, Kan.

C. Richland, who has so efficiently held a position in Quinn's restaurant, resigned last night and will leave for the east to-day, probably locating at St. Louis. Mr. Richland is a courteous, industrious young man, and he goes with the best wishes of his many friends.

Now.

From Judge.

The hot breath of midsummer scorches and wilts and wearies. There is a close, oppressive stillness, attended by the hum of the only busy thing, the oppressive bee, and at times broken by the hoarse protest of the lusty locust. Some sicklied flowers following to roses open to the morning to close at noon. Stretches of unoccupied beach and lazy water lie gasping under the sun. Shade is without coolness, and no hammock howsoever hung brings rest. It is a good time to die. It is the season for nothing. Ambition—what is that? Politics? The white dust from the highway is of more importance. The limp sail, clinging flag, the drowsy hum—and no sleep. Sleep? The gods made it and it died with the gods.

Saved a Woman's Life.

Mr. J. E. Thoroughgood, writing from Georgetown, Delaware, says: "Two teaspoonfuls of Chamberlain's Colic, Cholera and Diarrhoea Remedy saved the life of Mrs. Jane Thomas, of this place." He also states that several other bad cases of bowel complaint there had been cured by this remedy. For sale by Aug. Fleischmann, druggist.

An Ice Cream Social.

Will be given by the young people's society of the East Baptist church at the residence of Mr. Chas. Hoffman, East Fifth street on Thursday evening, August 11th. All cordially invited.

TICKETS GIVEN AWAY

To Sedalia Fair.

I will give a ticket to our fair by calling at 110 East Second street, between August 8th and 20th, by making a purchase of \$7 and over in watches, jewelry, etc. You can buy part one day and the other after, and when you have purchased \$7 worth up to August 20th you will receive a ticket. I will make a special low price in watches, clocks and silver ware, etc., up to August 20. Call even if you do not wish to buy and get my low prices. Always glad to see you. Remember the place, Heinrichs, "My Jeweler," next to postoffice building.

The Park Hotel

Is now prepared to accommodate the public. Will serve meals and refreshments of all kinds at popular prices. C. F. WALSH, Prop.

Wines and liquors, 112 Osage, Frank Krueger.

Kite Shape Track

is completed, so is the stock of pure whiskies, wines, beer and all kinds of fine drinks at the Queen City bar, corner main and Kentucky street. J. G. FISHER.

Read the EVENING DEMOCRAT.

Home Lumber Co.

NOTICE OF ANNUAL MEETING

Of the Evans Garden Cultivator Company, A Corporation.

Notice is hereby given that the first annual meeting of the stockholders of the Evans Garden Cultivator Company will be held in the city of Paris, Mo., on third Monday in August 1892 at the law office of J. H. Rodas, secretary of said company, at which time the annual election of officers will be held in accordance with the constitution and by-laws of said corporation. R. O. OSBORN, Vice-President.

Attest: J. H. Rodas, Secretary.

Ripans Tabules purify the blood.

The coolest place in the city is at Sicher's cafe. Electric fans and good breeze. Ices, ice cream, cold soda, no flies. The restaurant, under Mrs. Sicher, is excellent in menu and service.

PROF. A. J. MAURY agent for the Prof. W. C. Wilson magneto-conservative garments and "Actina" can be found at his office at No. 107 East Sixth street. All parties suffering from any disease will do well to call on him as he treats all kinds of diseases in either sex.

A Burning Question Burning Up? Are You? With the Heat.

We have Mosquito Bars all made up from the cheapest to the finest Bobbinett. Special prices on everything this month to make room for fall stock.

Look Out For Us. WE ARE IN IT.

Sedalia Carpet Co. THIRD AND LAMINE.

Texas railroad, Hannibal to Fort Scott inclusive, to spend their Sundays comfortably and pleasantly, said railway will sell tickets on each Saturday and Sunday to Clinton, Mo., at rate of one fare for round trip, plus 25 cts, which will be good to return until following Monday. The Artesian lake and the park hotel at this point, with the pleasant surroundings and adequate facilities which the place affords for caring for large parties and assemblages, will make this place popular as a summer resort, as well as for the holding of meetings and conventions. For further information call on or address,

H. L. BERRY, Local Agent.

Another Hotel.

The Le Grand Hotel on Lamine street has been re-opened by R. L. Blair. Everything will be first class and gilt edge. It is the only hotel in the city that has a Delmonico restaurant in connection with it. Everything will be served as ordered. Nothing will be left undone to keep the LeGrand in the lead, and we bespeak a good patronage and a success for Mr. Blair. The office will be under the supervision of Senator Richardson.

Borrow Money

At 6 per cent., on easy monthly payments, through the Phoenix Loan association; assets, July 23, 1892, \$1,044,340.94; estimated maturity, 84 months. Apply to Landmann & Hartshorn, under Missouri Trust Co., or W. F. Hansberger, vice-pres., room 11, Cassidy Bld'g, Sedalia, Mo.
